- The logo will be available by downloading from the member’s only section of the website and shall only be used in the standard colours or in black and white and shall not be changed in any manner.

### 2. Candidate Members and interested Countries:

Candidate Members and interested Countries will be allowed to use the logo with the permission of the Management Committee and such use shall be restricted to specified items that have been approved prior by the MC.

No commercial use of the RI logo is permitted without the prior written approval of the MC of Retina International
